University of Warsaw

Warsaw offers a wide array of accommodation suitable for all sorts of travellers. We recommend that you check the offers at the booking services (like booking.com or Agoda), as the prices and terms offered there are usually the most favourable. The hotel market in Warsaw is very dynamic, with new hotels opening every month. Therefore, we are sure you'll be able to find great offers for your stay.

The University of Warsaw is located in the historic part of the city centre. It is very well communicated with the rest of the city, through a metro line (M2 line, station: Nowy Świat - Uniwersytet) and dozens of buses. The campus is very walkable as well.
